

# Agawam Family & Community Program

Connecting families to high quality education/care programs and services

## Our Mission

We are committed to providing support, education and encouragement to families in our community with children birth to 13 years.

## What We Do:

Recognize parents as their child's first teacher.

Build on family strengths.

Provide social connections and support for all family members.

Promote early literacy skills.

Assist families in times of transitions:  
relocation, new baby, child care providers, schools, etc.

Link families to community resources.
