

## **OBSERVATIONS OF SPECIAL EDUCATION PROGRAMS**

1. Parents' request to observe their child(ren), current program, or a potential placement must be made at least five (5) days in advance with the Special Education Director or designee and Principal.
2. The Special Education Director or designee shall contact the parent(s) for initial scheduling conversation within five (5) days of receipt of the parents' request.
3. When a parent requests an observation of a special needs student or program, the Special Education Director or designee will seek approval from the Director of Special Education and the building principal before it is processed. Such approval may only be withheld for those reasons outline within law and DESE regulation.
4. The Principal will work with the classroom teacher and the observer to set up the specifics of the observation (including, but not limited to, scheduling and placement of the observer in the classroom).
5. The number, frequency, and duration of observation periods will be determined on an individual student basis in accordance with law and regulation. The start and end time of observation periods and a schedule of observation periods will be stated in advance. In order to minimize classroom or student disruption, the length of individual observation periods may be limited.
6. If the observer is not the parent, the parent must sign a release for the individual to observe.
7. The number of observers at any one time may be limited.
8. The observer will be informed that he/she is not to interfere with the educational environment of the classroom. If his/her presence presents a problem, he/she will be asked to leave. This notice is particularly important, since the presence of parents can influence both the performance of their child(ren) and those of others.
9. The observer will be asked to submit his/her report of the observation to the Educational Team Facilitator at least 3 days in advance of any follow-up TEAM meeting.
10. The observer will be informed that he/she is there to evaluate the appropriateness of a specific educational program to meet the needs of an individual child. He/she is not there to evaluate a teacher's ability to perform his or her contractual job duties.

11. The observer will be instructed regarding the disclosure of confidential or personally identifiable information relating to other children. Staff must be mindful of removing materials which may be part of students' records from plain view.
12. A school administrator or designee also will observe at the same time and take notes as to what is observed, paying particular attention to note anything that is non-typical concerning the period. This observation summary will be placed in the student's file and provided to the parent(s) at least 3 days in advance to any follow-up TEAM meeting.
13. The parent or parent representative must sign the attached Observation Agreement so that both the School District and classroom parents have assurance that information concerning other students' education remains in the classroom and is not discussed publicly.

---

### **OBSERVATION AGREEMENT**

Parent observers in classrooms, and their designees, are required by law to maintain confidentiality of all information about students in the class. As an observer, you will have the opportunity to see students in a variety of interactions. By signing this statement, you are acknowledging your understanding of this confidentiality requirement.

I have read the Agawam Public Schools outline of procedures regarding "Parent Observations in Classrooms" and agree to fully abide by all terms therein.

I also agree to maintain strict confidentiality regarding information or observations about all students in the classroom where I am observing.

I further agree that the observation of the child is in no way an evaluation of staff performance.
